

The Cor-Cap is a Highly Visible Coring Hole Cover. It comes in a Yellow Caution Color and meets OSHA standards. The Cor-Cap has a CAUTION logo Hot Stamped on it, along with the OPENING DO NOT REMOVE for the safety of the construction workers & others while on the job site! The Cor-Cap is Easy to Install and can be Installed within a 1/2" of each other. With the (Pat. Pending) Design of the Cor-Cap, there are No Screws or Attachments Needed so there is No Assembly Required!!!

Cor-Caps are available in 3" and 6" diameters.
