

## Textured Safety Mats

### Wherever you go, there we are.

ADA Solutions, Inc. is the world leader in detectable warning systems. Manufactured of diamond-hard vitrified polymer, ADA Solutions truncated dome tiles are the industry standard for durability, UV stability, wear resistance and weather resistance.

**The most extensive selection in the industry, ADA Solutions offers the following models in a variety of sizes and colors:**

**\* CAST-IN-PLACE TILES**

Our most popular product, these units are pressed directly into freshly poured concrete for substantial time and cost savings.

**\* SURFACE APPLIED / RETROFIT TILES**

The solution of choice for facilities, towns or cities that need to upgrade for the visually impaired.

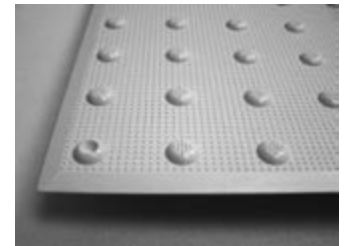

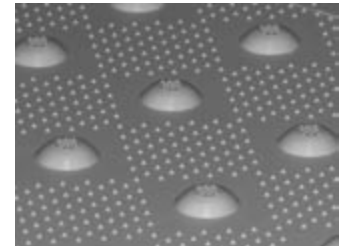

**\* DETECTABLE GUIDANCE STRIPS**

For guiding the visually impaired across roadways, such as those at multi-modal transit stations or pedestrian crossings at intersections.

**\* DETECTABLE DIRECTIONAL TILES**

Bar tiles create a tactile induction line to assist the visually impaired in finding their way through potentially-hazardous pedestrian areas such as a busy intersection.

Price & Availability make ADA Solutions, Inc. the obvious choice!

ADA Solutions, Inc. offers the widest selection of tactile systems for the visually impaired. Only ADA Solutions offers a complete range of products designed for the safety and convenience of the visually impaired, in full compliance with the Americans with Disabilities Act. We offer unmatched selection, pricing, and availability. With a strong focus on customer satisfaction, ADA Solutions, Inc. is leading the way in the detectable warning marketplace. Use us once and you'll see why so many companies across the country have settled on ADA Solutions, Inc.

Let's face it the most important benefits we can offer to help you build your business are Price & Availability. By offering our full range of tiles at the lowest possible prices our distributors are able to pass these savings on to their customers; General contractors across the country benefit by winning more and more bids. And what good is getting the work if you can't get the tile on time? Most orders are delivered within 7 – 10 business days, anywhere in the country!!
